## 2.1 User Screen

*Figure 1: User screen*

User screen will have the managers to have an option to list all users by their ID, User Name, Email, Enabled Status, and they also sort these listings by alphabetical order. There is a functional navigation bar that allows managers to add new users, hide Disabled Users, and Save User. Adding new user requires brief information about the very new user. The necessary Informations are, username, display name, phone number, personal e-mail, user's role, and Enabled Status.
